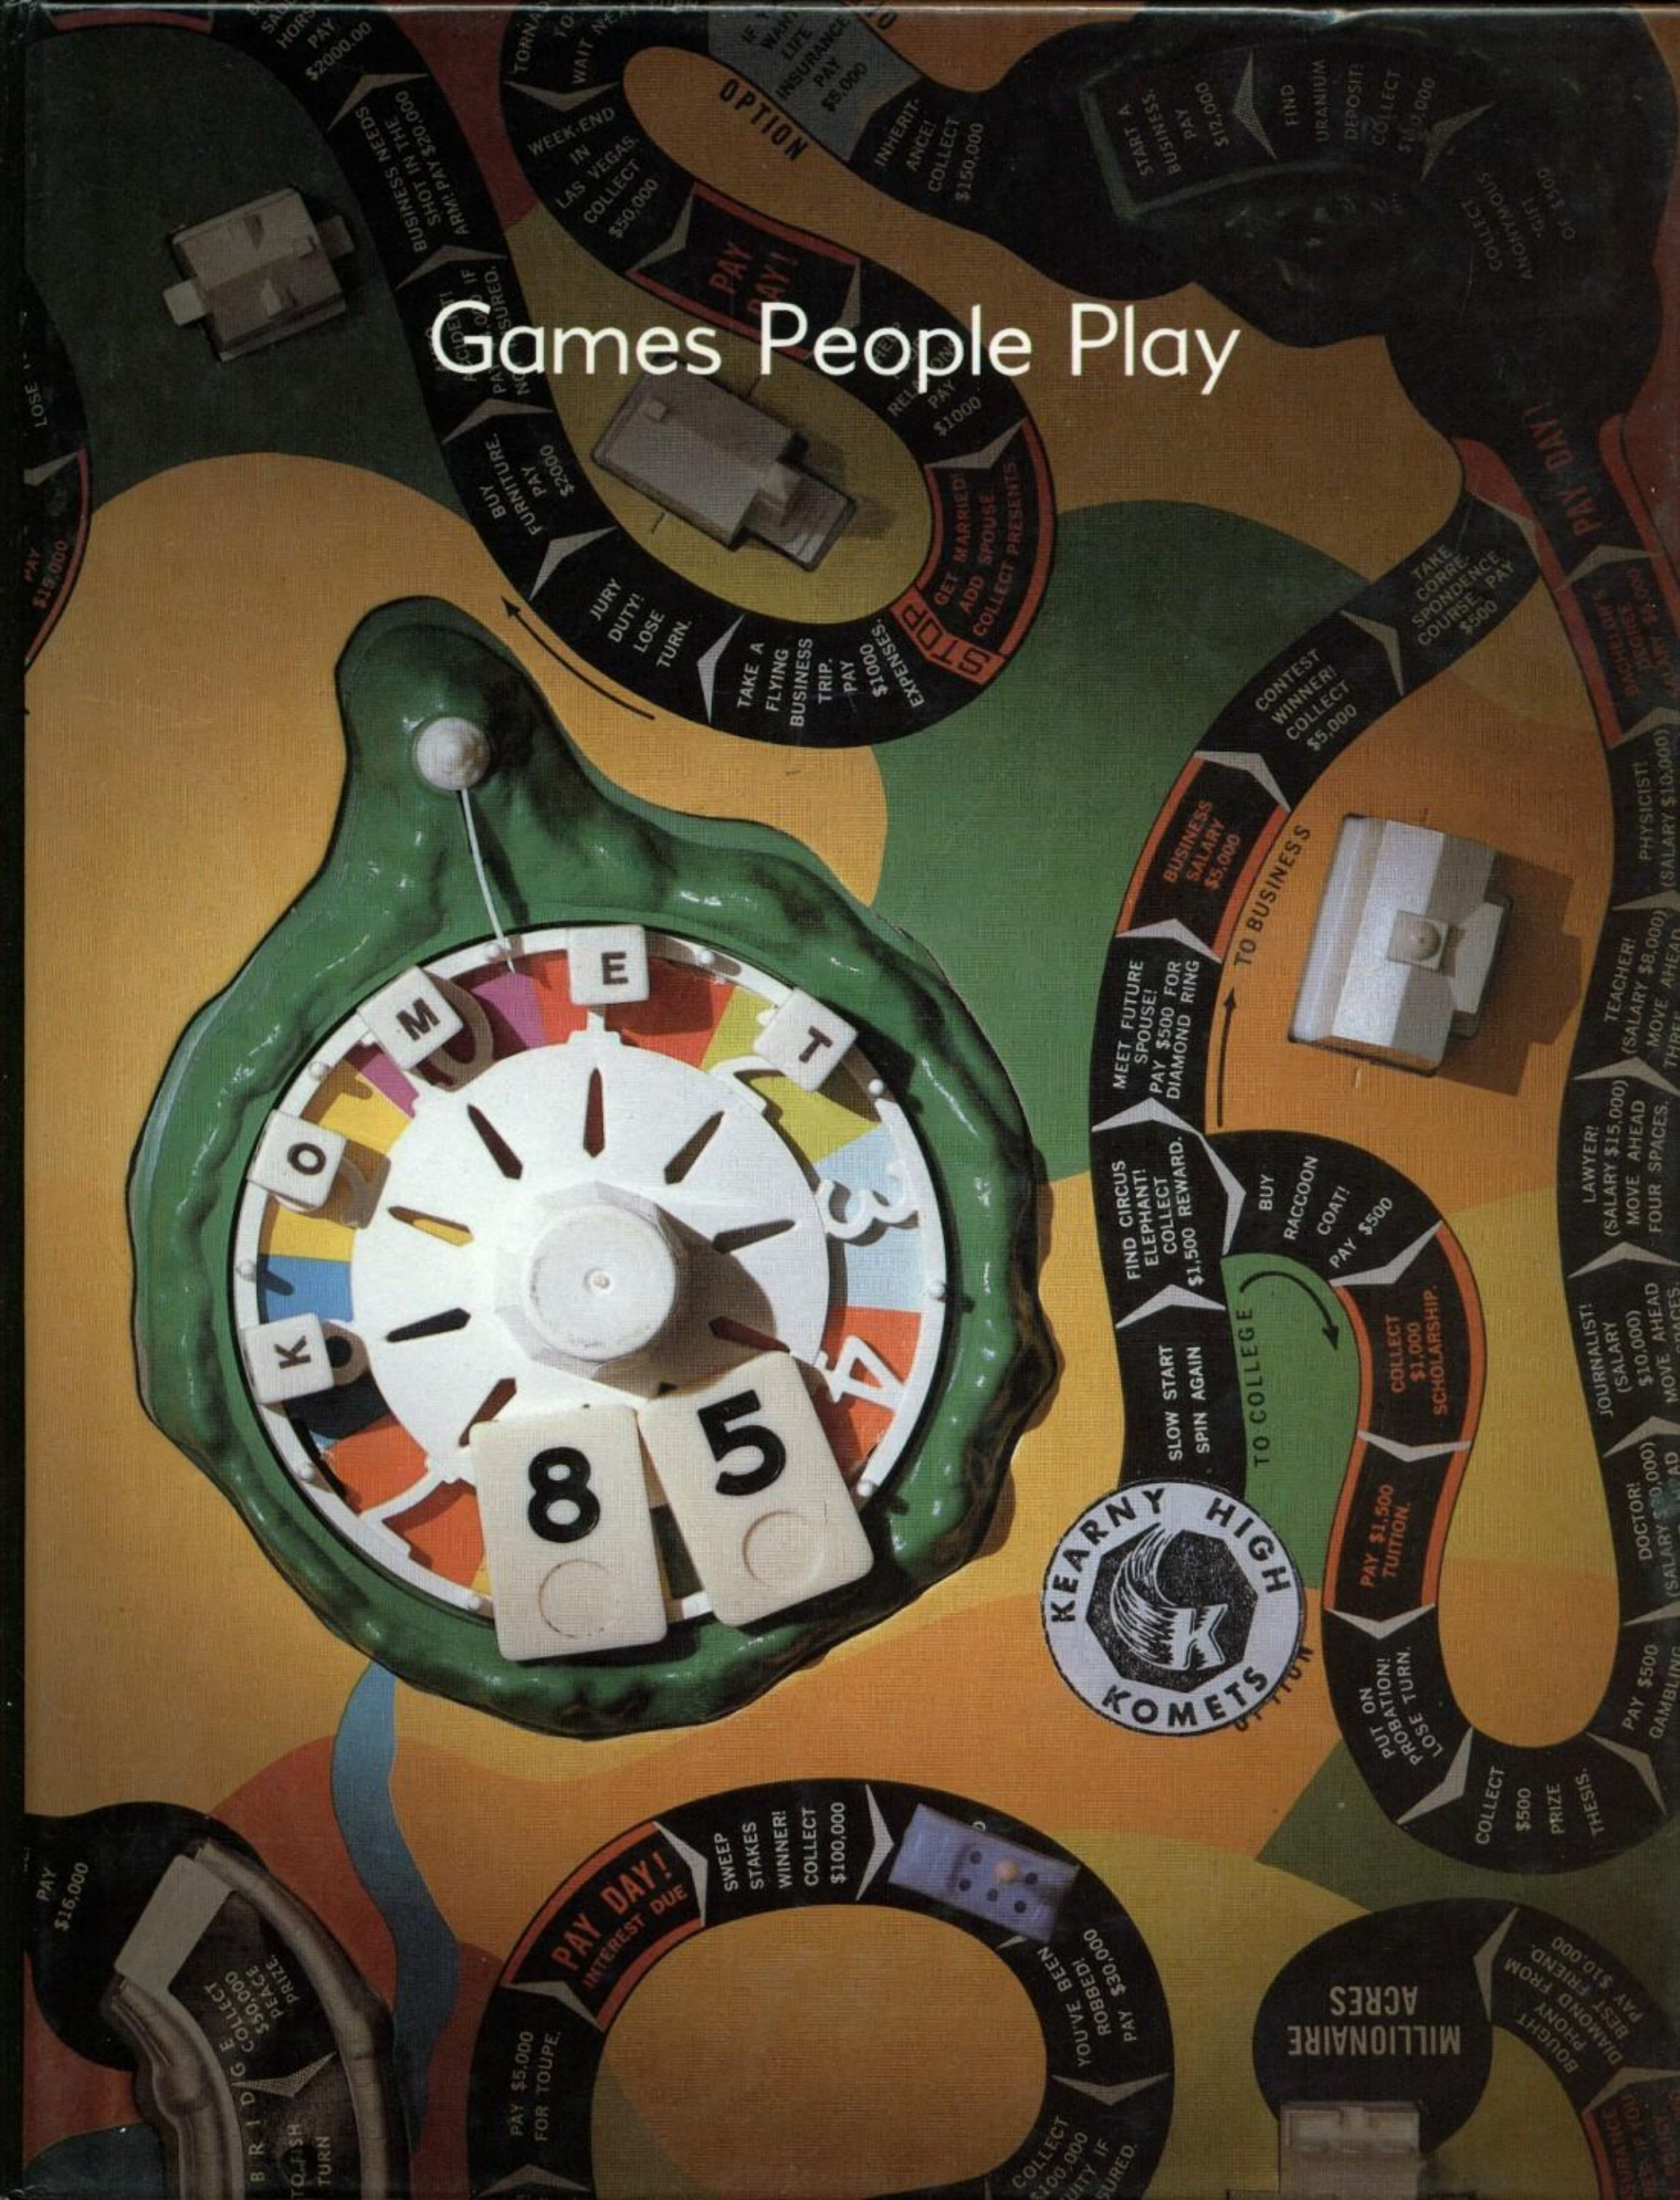
Games People Play



The Game of Life

The makers of this annual have produced the theme "The Games People Play." To follow through with this theme we have devised the table of contents to resemble the rules in the Game of Life. And for each of the division pages we chose a game that we thought fit each section. So set back and enjoy your individual section of life.

Life Game pp. 8-37
(Student Life)
Consists of an assortment of players ranging from the 10th to the 12th grades. Players can move any number of spaces they choose around the Kearny High School Game Board.

Trivial Pursuit pp. 38-61
(Academics)
The object of the game is knowledge. The more information you know ranging from Algebra to Spanish, the higher your chances are of winning.

Go To The Head Of The Class pp. 62-101
(Seniors)
The object of this game is to complete and pass the first two levels of the game. Once you have accomplished this feat, you will move to the head of the class.

Password pp. 104-129
(Organizations)
The aim of this game is team work and lots of involvement. This game requires strategy, and involves a lot of working together to achieve desired goals.

Superfection pp. 130-147
(Juniors)
The goal of this game is for the players to put all the pieces in the right places. If at first you don't succeed, try again.

Stratego pp. 148-191
(Sports)
There are many variations to the way this game is played. Some things, however, remain the same. They are strategy, accuracy, and determination to win. When these three simple tasks are performed together, you are guaranteed victory over your opponent.

Stay Alive pp. 192-207
(Sophomores)
The object of this game is not to fall. When it looks like the other players have you conquered, just pick yourself up and make a new move.

Index pp. 216-222
If any players of this game are missing or can't be found, just let your fingers do the walking and give us a try.

Closing pp. 223-224
The game has now been completed. It's time to pick up the pieces and put them away for another year of play.

Ads pp. 208-213
Also from the fine makers of this annual come the personal and business ads.

OPENING GAMES . . .

Summer's over and school is back. Most students at Kearny felt as if summer was too short, but of course the inevitable had to come. The mention of "school" intimidated everyone, but to lessen the shock "school" was also thought of as a social activity.

The sophomore orientation and registration was the time to see and socialize with old friends and meet new ones. For the many new students, orientation was the time to get used to a much higher level of school which required a more mature attitude.

1. DURING the sophomore orientation, Michelle Barnes and her mother listen attentively to the principal as he informs them of the hardships to come.

2. WAITING for the next student to be helped at a registration table, Mr. Gilbert sits patiently.

3. SHOWING creativity, students amuse the counselors by displaying this lifesize mannequin.

4. WRITING down classes that are still available, Mark Thurston selects the best ones.

5. WHILE showing sophomores around campus at orientation, Renee Barrow finally admits that she's lost!

"HAPPINESS"

As the first week of school began, students experienced hectic days which they thought would never end. What everyone wanted to do was go to lunch and be with friends to talk things over. As days passed, meeting friends in certain places became a habit which soon turned out to be their "hangout." "Hangouts" such as in front of the school, near the phones, or in front of the cafeteria were to be claimed as their special spot throughout the school year.

Komet Kingdom

Probably one of the most dramatic moments of Homecoming was waiting in anticipation and listening for who would be crowned this year's Homecoming King and Queen.

Well the suspense was finally broken, for over the loud speaker Robert Ring and Jacqui McClure's name rang out. This was a great moment, for Homecoming will always hold a very special meaning for all the people who were involved and took part.

This memory also holds true for the other students who were named in the court. They were Seniors Mike Romero, Angie Brooks, and Annabelle Abrenica. Junior Melinda Santos and Sophomores Robert Marquez and Michelle Pino.

Togas, tourists and cub busters were just a few of the oddities which were spotted during this years spirit week. Many students participated in this years activities. With the Padres getting into the playoffs, Padre day was an overwhelming success as many students wore cub buster shirts and Padre hats. On Tuesday sun glasses, shorts and funny hats were a common sight around campus, as it was tourist day. If you were wearing a bedsheet, sandals, and a wreath on Wednesday you fit perfectly into toga day. Mix 'n' match day and maroon and white day were not a great success, but everyone was saving their spirit and enthusiasm for Friday nights Homecoming Game.

In a land far far away there was a kingdom known as Komet Country and every year in this kingdom an event known as Homecoming occurred.

The occasion is filled with activities for everyone to join in on. The festivities start with a parade around the Mesa College football field. A few of the floats which could be seen from the stands were; Star Wars, The Wizard of Oz, Snow White and The Seven Dwarfs, and Hansel and Gretel. The judging of these fine floats were performed by the kingdom's own scholars. By popular demand the Star Wars float, created by the sophomores, won the honor of first place.

The celebration then continued with an intense and gruelsome football game fought on Komet territory. The villagers, known as Kearnites, rallied behind their team to achieve the victory they so desired.

Our story had a happy ending. The Komets, for the first time in two years, won their Homecoming Game by defeating the University High School Don Juans, 27-23.

1. AWAITING the kickoff of the second half, the crowd cheers on the Komet football team.

2. DURING halftime, Deloreve Cruz shows her enthusiasm.

What You See is What You Get

Many times this year Kearny students were caught off guard by the "Candid Camera." Candids are pictures of people who are unaware of the cameras presence and are going thru everyday activities. The best candids are of those who are performing acts that maybe they should not be performing. Most are caught during lunch, passing periods, or just kicking back.

1. ON THEIR WAY TO CLASS, Rigger Emery and Craig Samuels exchange a few jokes.

2. DURING LUNCH, Valerie Convento spends her time talking on the phone.

3. GRABBING A QUICK LUNCH, Michelle Newcummer puts her money in the vending machine.

Trick or Treat

One of the most exciting days of the year for people, young and old, is Halloween. It is one day where people can dress up and live out their childhood fantasies. This year many students took advantage of this chance to dress up. Some students spent much of their time and put much effort into making their costumes. Many of the costumes were very inventive and creative. The best part of the day to many was the costume contest and everyone enjoyed themselves.

6▲

1. WAITING for their ratings, these happy Halloweeners hope for the best.

2. RATED "A PERFECT 10" by judges, Rigger Emery won first place in the costume contest.

3. ON HALLOWEEN, Tamara Shorter shows everyone what could happen to them if they don't stay in school.

4. DISCUSSING a Halloween party, Julie Green, Debra Plen, and Melanie Eddy enjoy their lunch.

5. AFTER the costume contest was finally over everybody prepared for the dance.

6. GIVING a new look, the cheerleaders show their spirit on Halloween.

7. IS it Dan Akroyd? No! It's Paul Fontaine the "GHOSTBUSTER."

Unwrapping the Spirit

A time period where all students seem to be in great spirit is during the holidays. Most students liven up just knowing that a two week vacation is coming their way. Many students get into the spirit with mistletoe and candy canes. Taking pictures with Santa and exchanging presents seemed to be the highlight of the season to most students.

1. BEFORE GOING TO CLASS, Santa checks in.

2. DURING an annual staff Christmas party, Becky Grose stops for a picture.

3. MR. NORMAN overlooks the choir prior to a Christmas presentation during lunch.

4. AFTER exchanging presents, Paul Le shows off his presents.

The Decathalon of Academics

4▲

5▲

Kearny High School has participated in the Academic Decathalon for the past two years. This year, ten students made up the team, coached by Advanced Placement English Instructor, Lorna Moon-Ross. Each high school sends a nine member team consisting of three students with "A" averages, three with "B" averages, and three with "C" averages. All students compete in ten academic events: six written examinations in economics, fine arts, grammar and literature, mathematics, science, and social science; and three communications test — a written essay, a prepared and an impromptu speech, and an oral interview. The final decathalon event is the Super Quiz, a College Bowl type contest which generates as much excitement as any athletic event.

1. ALIX NGUYEN and Art Suavo pay close attention while preparing for the competition.

2. ART SUAVO studies up on his economics before writing up the final essay.

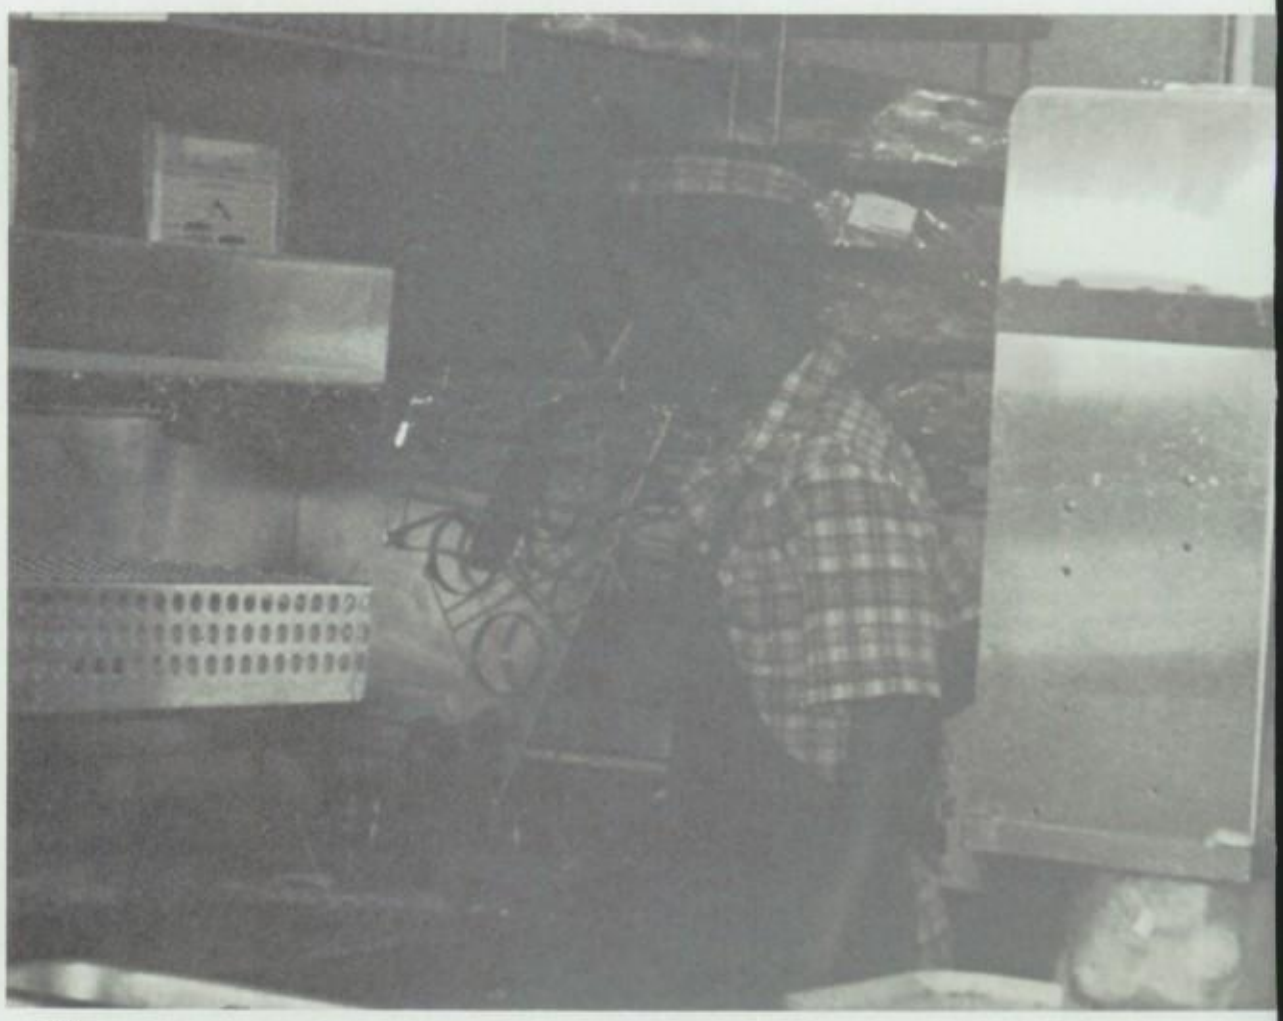
3. DANNY DICARLO and Mrs. Ross go over the final details in Danny's essay.

4. LEFT TO RIGHT: Jesse Teves, Michael Phillippi, Perry Moss, Lorna Ross, Art Suavo, Debbie Shands, Melinda Santos, Traci Amano, Alix Nguyen, Rick Hoot, Danny DiCarlo.

5. ASKING Danny DiCarlo a hard question, Alix Nguyen waits for an answer.

Pay Day

"Get a job" was a phrase many students heard this past year, it was also something they did. As students enter High School, it is time to enter the working world. Most students find money a necessity and don't mind working to earn it. Many students work to save for a car, clothing, going out, or maybe a vacation. Work experience was offered to those who needed that extra hour of work or just that extra credit.



1. PUTTING IN a hard day's work at Jack in the Box, Billy Williams cooks the hamburgers medium well.

2. TRACEY JENINS patiently waits for Rosie Putnam to decide what to order.

3. BEFORE closing, Shawn Collins does the final sweep for the night.

4. COMING back from a break, Tom Swank prepares the next customer's food.

5. HELPING Tina Bullock, Billy Williams gives her a tip on how to use the register.

Throughout this past year many new and old fashions were seen or worn by students. As the year started, bright neons flashed upon the campus, but the blinding greens slowly faded out. One of the hottest labels to be worn was "Guess." Guess jeans, jackets, and sweat shirts were very hot in 84-85. Leather made a come back as leather jackets and pants were seen more commonly this year. Another big seller this year were black baggies. All in all this year's styles were for the most part in good taste.

1. A NEW type of shoe out this year was the Reebok, which are used for aerobics.

2. THE Michael Jackson look was very popular this year, especially the red and black leather jackets.

3. ONE style that has been around for several years, but still remains well-known, is the polo shirt.

4. LONG earrings, as well as short ones, were worn by many girls this year.

5. "GUESS" jackets, shirts, and pants made a big hit on campus.

6. CARRYING things this year were made easier by "Espirit" tote bags.

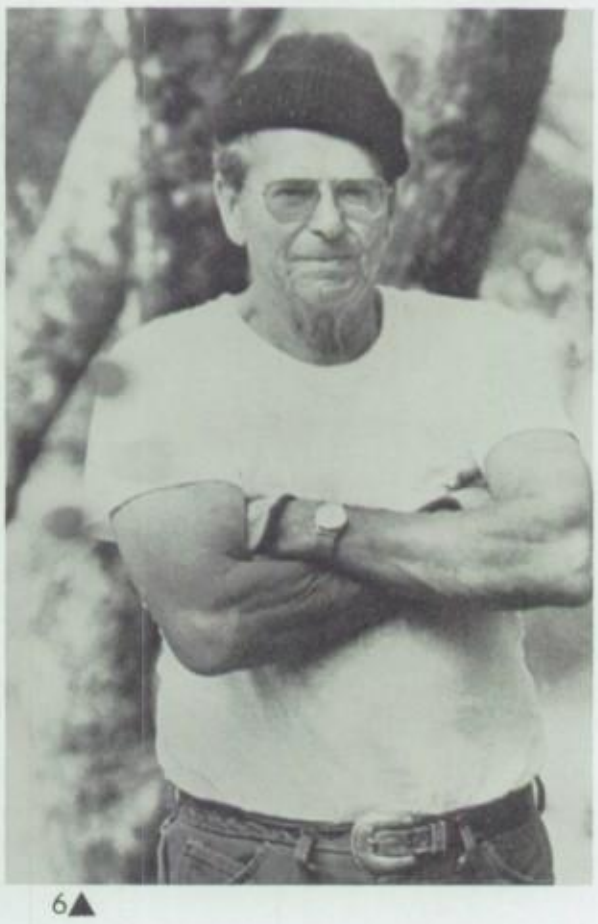
84 in Review

5▲



6▲

1984 was a year full of events which will not soon be forgotten. San Diego was a town which held world attention this past year, as the San Diego Padres reached the World Series. This was the first time The Padres ever reached the World Series and the first time a team ever came back from a two game deficit in the play offs. You have to take the good with the bad. Although a lot of good events occurred this year there were also some tragedies. Among these was the San Ysidro Massacre, which took place at McDonalds. It was one of the worst massacres in our history in that the most people were killed by a single person. One of the biggest events of 1984 was the Summer Olympics held in Los Angeles. It was the first time since 1932 that the Summer Olympics have been held in the U.S. 1984 was also the year in which President Reagan was re-elected to the White House.

1. SURPRISING NEWS: John Delorean's charges were released.

2. LIFE'S annual issue of Year in Review, took a look at some triumphs and defeats.

3. ONE OF the biggest hits this year was Clara Hooper's expression, "Where's the beef?"

4. VANESSA William's Miss America title caused a lot of controversy.

5. PADRE GOLD shines as Padre players express their happiness after their advancement to the World Series.

6. POSING in a common outfit Ronald Reagan shows us he does more than run the United States.

Los Angeles '84

The Olympic Games are a modern international athletic competition held every four years in a selected city and the selected city for the summer games was Los Angeles. These games are not suppose to be part of the politics of the world, but unfortunately they are. This year the Soviet Union and her allied countries refused to take part in the 1984 Olympics. This only hurts the athletes for the games try to promote a spirit of competition and friendship. The Olympics are a great learning experience and the chance for the athletes to show the world their skills that they have worked so hard to perfect. The Komet Staff salutes these fine athletes.

1. MARY Decker shows her frustration after the controversial trip.

2. THE Official Olympic Souvenir Program was a popular sight on campus.

3. REPRESENTING the U.S., Tracie Ruiz and Candy Costie took a gold medal in the trial event, synchronized swimming.

4. EDWIN Moses jumps over another hurdle on his way to his next gold medal.

5. GETTING a perfect 10 on her vault helped Mary Lou to get the gold.

5▲

One thing that all teen-agers have in common is music. Not everyone has the same taste in music but they all have a equal liking, whether it be rock, soul, or new wave.

This year a lot of new artists appeared in the music scene. Some of these were Madonna, Prince, Wham, Shelia E., Billy Idol, General Public, Run D.M.C., and Autograph.

These new artists made a mark on the music scene in '84, it'll be interesting to see what they do in their future.

1. THIS array of various popular albums, shows the diversity of our campuses musical tastes.

2. WINNING 6 music awards for his incredible talent, Lionel Richie strikes gold again with his number one hit album, "Can't Slow Down."

3. MUSIC from Prince's box office smash Purple Rain, also produced a number one album for many weeks on the record chart.

4. A newcomer to the popular music scene, Madonna has just released her second album after her first went gold in a very short amount of time.

5. RELEASING his first solo album, David Lee Roth hopes his solo career will be as successful as his career with Van Halen.

Picture Perfect

1. ALL done with their Geometry, they spend some time talking to friends.

2. WHILE studying for a test, the students eagerly take time to look through the book.

3. WHILE doing homework, students decide it's easier doing homework together.

PICK-UP-STICKS

Many of us are guilty of taking something or someone for granted. For example, have you ever stopped and wondered who washes the uniforms or keeps the girl's bathroom so nice, well, it's Lillian Jensen.

Her job title is Custodian Locker Room Attendant. This job involves washing uniforms, checking out equipment, and making sure everything is in order for our athletes.

Lillian has been at Kearny for 3 years now and she says she has enjoyed those years. She loves the people best and says she feels very appreciated.

"Linc taught me everything I know," says Lillian. Well, he sure taught her well, for we don't know what Kearny would do without her.

CONCENTRATION

The dictionary describes a coach as the person who is in overall charge of a team and the strategy in the games. This is a big job and one that cannot be taken too lightly. It is a tough job, but not for a man like Tom Barnett.

Mr. Barnett has been at Kearny for 16 years now. He was assistant Coach of Varsity Football for 9 years and Head Coach for 7 years. He is also the Athletic Director. With this job comes overseeing all sports, coach's jobs, putting schedules together, paying officials, and taking care of any problems that may occur.

Tom Barnett was born in James Island, S.C. on November 5, 1943. In 1960 he came to San Diego and played football at Hoover High School. From there he went to SDSU where he played for Don Coryell.

Mr. Barnett has been married to his wife Suyanne for 20 years. They have 3 children, Sharon 19, Mike 16, and Tricia 14.

Mr. Barnett is doing a great job at Kearny and we wish him continued success.

1. COACH Barnett is contemplating his next strategic play.

2. TALKING to Marichu Abueg, Coach Cohen is never to busy too talk about upcoming events.

3. TAKING a break from his hectic schedule, Mr. Graves smiles for the camera.

4. FINDING out all the symptoms, Mrs. Williams prescribes the right treatment.

5. WHILE discussing homework, Mr. Carter writes the assignment on the board.

Mr. Joe Dibos, one of Kearny's English teachers, has been here for three years now. Mr. Dibos came to our school in 1982 and has done a fine job since. He says that the students are a very interesting group of young people, both ethnically and culturally.

Mr. Dibos went to college in Villa Nova, PA. After he graduated from the university, he came to San Diego to soak up the sun and to work for San Diego Park and Recreation. During his time off, Mr. Dibos enjoys playing tennis, racquet ball, going deep sea fishing and sailing.

In recent years, Mr. Dibos has met a new interest. Throughout his time off from school he takes on a new role as a Practicing Attorney. Mr. Dibos quoted that, "I enjoy the challenge of the courtrooms and the classrooms." He says that it gives him the feeling of power and authority.

On behalf of the students at Kearny, our yearbook staff sincerely appreciates the things Mr. Dibos has done.

The secretaries here at Kearny are a vital part of our school. They handle the attendance, blue slips and the switch board. The Credit Secretaries keep track of how many credits each student has. Like other workers, the secretaries are taken for granted, but without them our school would be a mess.

As the secretaries are important to the administrators, the teacher's aids are important to the teachers. They provide valuable and time consuming services. They correct papers, give tests, tutor, and even substitute when needed.

Etch-A-Sketch

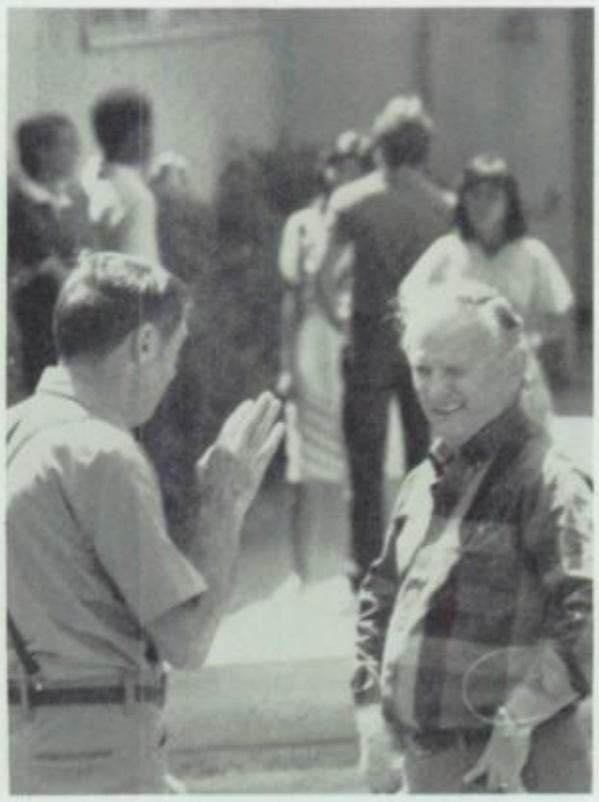
There are many interesting teachers around campus. Then there are teachers who are around to encourage students to grow in school work and in friendships. One such teacher would have to be Mr. Jones.

Mr. Jones has taught for fourteen years in the Industrial Arts Department. He teaches courses in graphic arts, drafting, and has been advisor for the yearbook for ten years. He also worked as a photographer for the Education Center.

During the summer, Mr. Jones builds houses. He drafts the plans and then does the actual construction himself.

As a yearbook advisor, he's tough. He challenges you to meet the deadlines and deal with various people.

Working with Mr. Jones has had a very positive effect on many students, and hopefully each one of you will get the opportunity to work with him.



1. TAKING time out from his rounds on campus, Security Officer Peterson smiles for the camera.

2. CLEARING up a question for Suzette French, Mr. Jones explains it in detail.

3. DISCUSSING a dramatization with Mr. Winans, Mr, Hayes clears up the confusion.

4. SIGNING students up for various R.O.P. classes was Mr. Gilbert's job during registration.

5. READING through a play, Mr. Winans concentrates on a student's voice.

6. DURING fifth Period, Mrs. Bellis does some paper work while another secretary handles the switch board.

GO TO THE HEAD OF THE CLASS

Kearny's Fall '84 student teachers have been described as "a raucous bunch of scallawags bent on mischief and mayhem."

"I was born five days before Christmas," claims Frank Smith, the radical social science teacher.

Darlene Madison resembles a fine Chenin Blanc. This dry yet subtle home economics teacher represents a glorious vintage and possesses a pleasant bouquet.

The fearless leader of the pack is the bearded Gary Blume. Mr. Blume, who is also a model for GQ, has coached the team through a challenging season.

Jeannette Broad, "Miss Broad" to her students, has been known to walk to school or take her lunch on alternate Tuesdays but never when it rains.

Pat "Blood and Guts" Walsh runs a tight unit. His classroom is a bastion of discipline, his students are well-trained troops.

Janet Wolf speaks fondly of her colleagues: "Did you know that you can't let turkeys out when it rains? Yeah, they look up at the sky to see what's going on and they have their mouths open like turkeys usually do. Anyway, they are looking up at the rain and they just drown. It would be funny if it weren't so tragic. No kidding."

These Rising Stars; these Young Turks of the educational scene; we may not understand them but we love them.

Coach Kohr

3▲

Everyone who doesn't know Mrs. Kohr, should. Some people mistake her hard coaching as a mean steak, but after you get to know her, you find that she's a softie at heart.

She has been coaching for 30 years. 21 of which have been at Kearny. She has coached sports such as: Track, Gymnastics, Men's & Women's Swimming, Men's Water Polo, Volleyball and Soccer. Mrs. Kohr feels that this gives her a chance to deal with all different kinds of students.

At first, getting to know Mrs. Kohr is very difficult. You find yourself growing afraid of her, but once you get to know her, you grow to love her.

Mrs. Kohr started coaching back in 1953. There was a need of coaches for the students, and when she started men were chovanistic about women and their coaching. That made this task more of a challenge. Mrs. Kohr has definitely met her challenge.

1. CLEANING up after lunch, Tom Craghead empties the trash cans.

2. TALKING about an upcoming game, Mrs. Kohr plans her strategy.

3. TAKING a break from a hectic schedule, Mrs. Boeckel relaxes over coffee.

Campus Beautiful

Who makes the school clean, keeps the trees trimmed, the halls swept, and trash empty? The custodians of course.

Mr. Jim Swank is the Building Services Supervisor at Kearny. His job is to make sure that our campus is spic-n-span, as well as issue all supplies to the teachers at this school. With as many teachers as Kearny has, that would be a task in its self, but Mr. Swank and his custodians keep right on top of things.

Mr. Swank himself, has a special interest in keeping Kearny beautiful because he is a graduate of the 1960 class at our school. Even those custodians who never attended Kearny say they are happy to be here.

1. TOP ROW — Mike Wager, Rufus Poole, Charles Vasquez
FRONT — Lincoln White, Joel Fagg, Jim Wert, Jim Swank, Tom Craghead, Richard Owens

2. DURING third hour, Joel Fagg takes the hedge clippers to a parking lot tree.

3. TAKING time out from his daily chores, Tom poses for a picture on the lower field.

4. TO finish a hard days work, Tom Craghead washes out the school's garbage cans.

5. AFTER a long lunch period, Joel Fagg takes a sophomore patio trash can to the dumpsters.

6. TOP ROW — Alice Payne, Phyllis Read, Mona Henry, Edna Yaple
MIDDLE — Helen Clavert, Grace Hooser, Celia Veroin
FRONT — Margaret Clark, Angie Salemi, Vasho Kassis, Maria Wilson

Kearny is known for its Center of Industry. The Center offers a wide variety of classes to choose from. Two of them are Auto Engine Rebuilding, and Auto Tune-Up.

In these classes you can learn how to rebuild your engine and at the same time prepare for future jobs. The teacher in the shop is Rob Atterbury. He's been here for 5 years. Mr. Atterbury has a degree in Industrial Arts and 5 more years vocational experience.

1. AFTER RESURRECTING someone's car from the dead, Bill Carter threatens the photographer.

2. SEVERAL STUDENTS discuss a problem with a car's axles.

3. IN THE AUTO Shop Classroom, Mr. Drain and Mr. Atterbury talk about a problem with a student.

4. TAKING A BREAK from Auto Shop, Dominic Roccoforte is taken by surprise by the camera.

CAREERS

The Career Center is a place students go to for help and guidance. What better place for a man like Sus Nakamura to work?

Mr. Nakamura is a native Hawaiian, and a new member of the Kearny Staff. He transferred to Kearny from Hoover High School and he has been teaching for approximately 25 years.

Sus Nakamura provides students with career guidance, facilitates the work experience program, and is responsible for the signing of all work permits.

As Mrs. Peterson put it, "Sus is a man who gets his work due and is nice to work with." We look forward to seeing more of Mr. Nakamura and we hope his stay at Kearny is a pleasant one.

1. DURING summer registration, Mr. Nakamura looks over job openings.

2. BEFORE talking to the counselors, Mr. Gilbert stops for a picture.

3. WHILE walking to class, Mr. Krause gives us a warm hello.

Password

"Where's your pass?," echoes throughout the halls as Fran Johnson, the Grounds Security Officer, makes her rounds.

She has been working here at Kearny since January of 1984. Her job is to help cut down on the number of truants each day. "She's very valuable, and we'd be lost without her," states Jerry Peterson, the Security Officer.

1. GOING over an important detail, Mrs. Singer emphasizes it to her English class.

2. Mr. Norman relaxes after a long lecture to his History Class.

3. Enjoying the Halloween festivities, Fran Johnson sneaks a sucker.

4. CHECKING out books to students is just one of the many jobs Joan Crusberg does.

5. Mrs. Chapel, never too busy to help her students, explains a problem to Jayme Guardiano.

Go To The Head of The Class

(Photographer: Jim Lohmann) 63

All Hail to Alma Mater,
We praise thy noble name.
There'll never be another
Whose faith we'll all proclaim.
Thy memories we'll cherish,
Though years go by.
So hail our school forever,
Kearny Senior High.

"HERE WE GO PADRES, HERE WE GO!" That was a common chant that could be heard many times during the Padre season. The Padres went on to be the National League Western Division Champs, and after defeating the Chicago Cubs 3 games to 2, they became the National League Champs. Beating the Tigers in the World Series was not an easy task as the Padres found out losing the Series 4 games to 1. The fans were not disappointed, and cheered as the Padres picked up their first pennant in 16 years.

If you hear a whistle blow, soon after you'll hear, "Whey's yo pass?" This is the familiar sound of Fran Johnson, the Hall Security Officer. Her job is to keep students out of the halls during class hours, to get people to class on time, and catch would-be ditchers.

Lego Building Crew

Who is responsible for building the new baseball dug outs? Who is responsible for the mural on the south gym wall? Who is responsible for putting the banners in the gym back up? Who is responsible for all this, and more? Only one organization can claim that they are. The Associated Student Body is that organization.

From the start of the year, the ASB had some definite goals. For the first semester, they worked on school improvement, including the above mentioned, as well as supplying many organizations (including the yearbook staff) with much needed typewriters and computers. From there, they planned more activities and fun things for the students in the second half of the year. Another key goal this year has been to help the entire school, instead of only certain groups.

The ASB has evolved into a more governing helping hand this year, than a money making association. According to many people, the reason for the change was the ASB's "spark plug," President Dan Kenney. "If something needed to get done, Dan either made sure it was done, or he did it himself" was a popular opinion around campus. In addition, the ASB stopped taking their "cut" of other groups money making projects. Our ASB has achieved more this year than many ASB's from previous years. And the way things look, this trend should continue in the future.

Galaxian

Of all the organizations on campus, the one that has changed the most would have to be the GALAXY. In recent years, the GALAXY has grown from a monthly school bulletin, to a bona fide newspaper.

The largest change is something brand new this year; the "Campaign For No More War." This campaign started in January of 1985 and was an analysis of the top issues facing the world today including over population, disarmament, power struggle between nations, and world famine. Each issue of the GALAXY has a different subject with articles from around the world, editorials on the subject, and other students' contributions. Miss Broaded, the GALAXY advisor, said that "all high school students are our world's future. This year's staff has made the future evident in the present." By doing this, they will help their fellow students understand the world we live in better.

Besides this first for the GALAXY, there were other differences this year. Darcy Stephens, the editor-in-chief, was in her first year as editor. She said that she "had fun and learned a lot about how a newspaper is supposed to run." This was also the first year that the newspaper used local, national, and international news in every issue.

There were nine returning staffers this year and Miss Broaded is hoping to see about half of this year's staff in her class during second period next year. No matter what does happen, we can look for another great year from the GALAXY next year.

1. TO BE SURE that the spread is done properly, Bena Burt discusses it with fellow staffer Dan Garcia.

2. USING HER X-ACTO PRECISELY, Maureen Showalter cuts the tuling lines of her pages.

3. DOUBLE CHECKING HER COPY, Erin Dugan makes the needed changes.

4. NEARING THE DEADLINE, Tami Souders types the final page of her section.

5. FOR THE DECEMBER ISSUE, Brigette Zeiss centers her headline.

6. LEAFING THROUGH A BOOK, Sybil Carlson tries to find a story that inspires her.

Othello

The students and staff at Kearny High have become accustomed to great plays from the Marquee Club. This December 12, 13, and 14 when the club performed William Inge's "Bus Stop", we were not disappointed.

The play is set in mid-western America during the early 1950's. It is about a young, naive cowboy, named Bo, who falls hopelessly in love with a showgirl named Cherie. The cast did a superb job with their lines, especially Mike Romero who had only a week to learn his part. Jody Warring also turned in an excellent performance as Dr. Lyman, one of the most difficult roles of the play. Julie Peterson, who was cast as Cherie, transfered to Kearny from the El Cajon School of Performing Arts this year. Mr. Winans considered this a high point of the year. "She is a wonderful actress and we are very fortunate to have her."

In late March, the club did the Supper Theater, a combination of dinner and excerpts from selected plays, including "West Side Story." Kearny was one of the first schools in San Diego to do such a thing and many other schools have followed suit. It is usually quite popular, as it was this year.

Being on the Marquee Club requires a great deal of dedication and discipline. This year's group of actors and actresses have truly shown both of these qualities in a great year.

Show Your Spirit!

Behind every winning football game, there was a winning spirit. Leading the spirited crowds in cheer were our much improved cheerleaders. At the pep rally on October 12, the girls really got the school ready for a great Homecoming game. The Komets won 27-23 against Uni.

Throughout the year, the girls put in a lot of extra time to finish preparing posters or to get a certain cheer perfected. Spirit is the key to being a good cheerleader. Our cheerleaders had the key this year.

1. DURING THE HOMECOMING GAME, the 1985 girls and alumni from past years show that they still have spirit in their school.

2. ROOTING THE KOMETS ON, Delorve Cruz encourages the crowd to join her in cheer.

3. SHOWING THEIR STUFF at a game against San Diego High, head cheerleader Evette Thompson and Traci Amano fire up the crowd.

4. JV; TOP-BOTTOM; LEFT-RIGHT: Michelle Pino, Laura Bidwell, Vicki Campa, Terri Ringgold, Elizabeth Taylor, Nini Thomas, Tracey Jenkins.

5. THE JR. VARSITY CHEERLEADERS do the cheer "Introduce Yourself" at a pep rally.

6. VARSITY; TOP-BOTTOM; LEFT-RIGHT: Evette Thompson, Renee Barrow, Diana Vogel, Juanita Beverly, Darla Williams, Kelly Campbell, Nowell Bejarano, Delorve Cruz, Vershel Williams, Traci Amano.

Speak & Spell

You may have noticed something different around campus lately; a new type of letter man sweater. It is maroon with white stripes on the sleeves and a white "K" with "SPEECH" written on it. This is the first year that the speech team has received letters, and they have really earned them.

At their first major meet of the year, a group discussion of "How to eleviate poverty in America," they took second place to only Mira Mesa High. Jim Rydelski, Marcell Tongco, and Casey Coyle scored 29 points out of 30, the highest scores of the discussion. This year's team did so well that they scored 20 more points than last year's team at the same meet.

In November, the "Voice of Democracy" individual speech tournament, sponsored by the Veterans of Foreign War, was held. Kearny swept the top three spots of the tournament with Melinda Santos taking first place, Alex Nguyen in second place, and Brigette Zeiss in third place. All three of these girls received cash scholarships for their hard work.

The Lions Club and the Rotary Club have also offered scholarships to our speech team. The achievements that Singer's speakers have made this year are great, and the fact that seventeen out of eighteen members of their team were rookies, only proves that they are one of the finest teams around.

Stratego

Many high school students believe that a good education and future lies waiting for them in our country's armed forces. For those many students who choose this way of life, the JROTC is their foot in the door. In it's 40th year at our school, the program appears stronger than ever.

Early in the year, Kearny's 4th Battalion became much more involved in outside activities. The cadets worked in an organization called "Serving Hands," which serves the community with general good will and helps the needy. For instance, in mid-September, Kearny and other schools helped collect Christmas toys at a Padre game. As well as "Serving Hands," the color guard and other groups in Kearny JROTC have been performing at other schools, like Serra High School.

In past years, our schools JROTC program has finished consistently among the top 20% in San Diego Unified School District competition. That held true in '84 and '85 as well. On November 17, the boy's color guard captured first place during an important competition at Balboa Park, beating out such schools as rival Madison High. In one of the largest inspections of the year in December, the Biannual Formal Inspection, the judges had nothing but praise for Kearny's students.

Sergeant Major Pendor, one of the adult leaders in our JROTC program, mentioned that "every day is a challenge" in the JROTC. It certainly appears that this daily challenge has been met by all of the 4th batallion.

Lending a Hand

1▲

When a new student enters a school, he or she usually feels out of place. With no friends to turn to, that student is usually lost in confusion. However, at Kearny, anyone in that situation can turn to the Peer Counselors for help.

Peer Counseling's ultimate goal this year was a basic, but difficult one: to make Kearny a better place. To achieve this goal, the counselors conducted a school wide survey to find out the students grievances and complaints about everything on campus; from school lunches to racial discrimination. They then sought to make some changes in our school; some changes for the better; some changes to help everybody at our school. The students also ran exercises in classrooms throughout the year. During these exercises, they would simply talk to their peers about their opinions on subjects like sex discrimination, friendships, and drugs. This helped the kids understand their own views better and work out some of their problems in life.

Late in the year, they were involved with a youth conference, discussing many subjects with teens, and a program with Mr. Drain about alcohol abuse. This program involved speaking with elementary school children about this serious problem. Peer Counseling achieved a lot in their 10th year at our school with a team effort — no single person was "Peer Counseling." If things hold true to form, the 11th year will be equally productive, with many returning, experienced members.

Clue

Guilt or innocence is a decision that must be made every day by judges and juries. A select group of Kearny students, known as the Mock Trial team, have been involved in recreations of real life court cases this year.

The words "select group" truly describe the members of Mock Trials. They must be good students, be able to perform in front of others, have an interest in the legal profession, and be in the 12th grade.

All schools participating this year competed against each other several times this year, taking either the prosecution or defense in a given case. Our school's team was divided into four witnesses, three lawyers, a clerk and a bailiff. Judges had to decide two things in each trial; how well each team presented its case, and the fate of the accused. At the end of the year, the top school in the San Diego School District went expenses paid to Sacramento to compete against other top schools in California.

In 1983, Kearny finished third state wide; quite a feat for a first year team. Our team started this year a bit slowly, but built up momentum at the end, pulling off a great season. Taking second place in San Diego truly showed the hard work of these future lawyers.

Q: What does this headline means? A: This is the attitude that this years Marching Band needed to win . . . and win they did. Unfortunately, due to financial difficulties, the band was entered in few activities.

Since first year drum major Gary Renn was inexperienced at leading a band, it was obvious that he was going to need some help. But with his determination, the support of Mr. Norman, and the help and dedication of people such as Trish Stahl, Karen Infantino, Mickie Lujan, and Shari Blair, Gary was able to give his band the right to walk away with their heads held high. Placing 3rd at the Old Town Christmas Parade, and 1st at the Pacific Beach Parade, the band had absolutely no reason to be ashamed.

During the second semester, the Marching Band went symphonic. They worked hard as a group on pieces such as "Symphony No. 5 from Mozart," "Jaws," and "The Sound of Music." Their hard work paid off as most people saw at the annual spring concert.

"I was pleased with the efforts of all band members throughout the year," stated Mr. Norman. Let's all hope the band does this well in the years to come.

Mr. Mouth

The school year of '84-'85 was a very busy one for Mr. Norman and this years A'Cappella Choir. During the first semester, the choir presented a Chrimstas Lunch Program. This gave the choir a chance to perform as a group, and also gave soloists a chance to show off their talents for the school. But school wasn't the only place the choir performed. The group also did some Christmas caroling around shopping malls like La Jolla Village Square, and Seaport Village.

The 2nd semester was as hectic as the first for Mr. Norman and the Choir. Getting ready for upcoming festivals, and planning for the Spring Concert took a lot of time and determination. The Choir got that from people like Robert Cadwallader, Frank Melena, Matt Wilbur, and Rhonda Sparks.

"The year in all, was certainly one to brag about," said Mr. Norman. He was pleased with the interest, and dedication in all members of the choir this year.

KICKman

What is KICK? You may remember a club around campus called Pan Asian Brothers and Sisters. They changed their name to Kearny International Culture Klub or KICK. The reason for the change? They felt that the old name was to racially limiting to only Pan Asian people. With the new name, they have many new and different cultures from around the world, like European and Middle Eastern.

Some of the many activities KICK was involved with this year included parties during Christmas and Valentines Day, and "Cultural Friendship through Food and Festivity," a food and culture fair put on by KICK during late February. KICK is here to expose people to their surrounding cultures and customs and to help bring all the different cultures of our school together in brotherhood. Hopefully, KICK will be able to continue this for many more years.

Master Mind

Want to go to college? A scholarship sure would help, wouldn't it? One group of students have a good chance of getting scholarships because they are members of the California Scholarship Fund.

CSF's primary goals this year were fairly basic; to serve the school in whatever way was necessary, to honor the superior students on campus, and, of course, to have fun doing the first two. President Rick Hoot did a great job organizing such activities as the Valentines Day carnation sale, and visiting colleges in the San Diego area.

"Scholarship for Service" was the motto of the California Scholarship Fund this year. With a number of good service projects, they lived up to that motto.

CHAMPS

With EXCELLENT skills & talent our team was off to a BOOMING start. We went undefeated in preseason. In regular season, our only loss was to Mira Mesa. The Komets could have won it, except the officials held us back. This year was our first to go C.I.F. in 6 years.

Coach Barnett did a fine job to bring out the talent of the team. Especially the offensive unit which called themselves the "Touch Down Crew." This crew consisted of 7 players; R. Bradley, T. Abeyta, M. Epenesa, R. Ring, S. Collins, L. Huff, and D. Hearndon. This T.D. Crew were feared by most, not to say "all", teams in the county. Out of this crew, R. Ring was voted offensive player of the year, and L. Huff was defensive player of the year. These titles could have gone either way. That gives you some idea of how versatile they were. R. Bradley was ranked #4 in the county at Q.B. S. Collins, D. Hearndon and L. Huff were very intimidating at cornerback. They took the ball away from their opponents quite often.

As for the offensive unit, Coach Varner did a fine job of creating an AWESOME line. They're the ones who opened up all the holes for our great backs to explode. P. Thiss, R. Rawyers, F. Williams, R. Hilbert, and S. Daley were excellent linemen.

Striving For Perfection

The dictionary describes football as a game played with an inflated leather ball by two teams on a field with goals at each end. This definition however, doesn't even begin to describe the emotion, energy, unexpected, and luck involved in this sport.

The unexpected was being coached by a new instructor this year, Mr. Hernandez. Coach Hernandez had a great deal of potential and talent to work with.

Among this talent was the Quarterback Scott Welish, who could run and work out effectively the shotgun formation. His favorite target was wide receiver, Darrel Hicks.

The teams ability also lied within the defensive line, with such talents as Alan Ring, Thei Nguyen and Tony Alexander. These fine men held the opposing teams to few touchdowns and little gain in yardage.

One thing that really makes a team great is team-work and that was one thing that this team didn't lack. Even though the players had a record of 6 wins and 6 losses, next year looks very promising.

1. TALENT inherited, A. Ring just bursted with the ball.

2. FLIPPING the ball to D. Hicks, our Q.B. shows good form.

3. RIPPING through the line, S. Wellish breaks all sorts of tackles.

4. GIVING it all, S. Wellish blasted the ball for a no-return.

5. ON a wide out, S. Wellish hands the ball to D. Hicks for a long gain.

6. TOP ROW — J. Willard, G. Johnson, L. Allen, D. Roccoforte, M. Bretton, T. Swank, T. Alexander.

3rd — B. Marquez, S. Price, B. Villegas, R. Peralta, T. Baker, M. Cox, R. Vares, K. Martin
FRONT — D. Canfield, Al Leyva, F. Stegman, T. Nguyen, T. Graham, C. Janette, J. Hagen, T. Brogan

7. WELL executed, S. Wellish sneaks through the line.

SETTING UP THE SEASON

The 1984 Volleyball Team began their season with 5 returning athletes, in a different league, and with a new coach, Mrs. Kohr. The team had a bright season. They were lead by team captains Beth Selby and Denise Madden, and a coach who taught them to believe in a positive approach to success.

The M.V.P. who was awarded the Golden Spike Award was B. Selby. She led the squad with her awesome spikes. The best setter on the team was D. Madden, and the most dangerous server was J. McClure. Out of these players, D. Madden was the most outstanding. She showed the leadership and motivation it takes to be a team captain. The most improved award went to M. Collins. She improved as each game progressed. The most inspirational players were S. Wilcox, D. Gleason, and J. McClure. They were honored with a special Coaches Award.

Mrs. Kohr was assisted by Mark Miller. He was a member of the '84 Men's National Volleyball Team. His expertise helped the team when they were down in a slump.

GOING FOR THE SAVE

The one objective of all sports is to improve from the beginning of the season to the end. This is one objective that the Junior Varsity Volleyball Team lived up to.

The Most Valuable Player Award went to Sue Marcelino who was the most consistent throughout the season. Most Improved went to Thu Van due to her excellent efforts. New Lee and Mang Thao received the Coaches Award for outstanding attitude and effort.

The team also consisted of several seniors who had never played before but who performed extremely well. Among these players were Shair Blair, Bernadette Senica and Jeannie Snell.

The team finished with a league record of 3 wins 7 losses and an overall record of 6 wins 9 losses. The team didn't finish as strongly as they would have liked, but we are proud of them and look forward to next year.

1. DURING a time-out, the team gathers to cheer each other on.

2. REACHING for the ball, B. Senica shows her skill.

3. NOT excepting any criticism, M. Thao ignores her opponent.

4. EXHIBITING good form, R. Abrenilla bumps the ball to the front.

5. TOP ROW — Coach Douglas, T. Van, B. Senica, R. Abrenilla, J. Snell, S. Blair, Coach Kohr

6. WITH a good effort, S. Marcelino saved the ball from a would be point.

7. AIRBORNE, S. Blair goes to spike the ball for a score.

ACE'S HIGH

The girl's tennis team was off to a learning start. The team consisted of 16 players; 5 seniors, 5 juniors, and 6 sophomores. Of the five seniors, two were new to the team. Though the team was young and inexperienced, it did have some bright individual talent. C. Bauer and T. Sheets were noted as outstanding sophomores. Coach Janc quoted, "that these two will be future stars." The two top junior strokers were L. McCoy and R. Manixary. As for the doubles team, H. Johnson and A. Bulacan were the favorites.

Though their record (1-15 over all, 0-10 league) was not very impressive, consider that our young team played in the toughest league of the county, the Western City League.

When asked about his next year's team Coach Janc was very optimistic about it. He says, "That 6 of the top 10 players from this year will return to play again next year." Coach Janc also added that, "this year was our learning year. Next season, the Western City League better watch out, for the Komets 'cause we'll be great!" We all wish them good luck.

STRIDE FOR STRIDE

Having a successful season, the much improved cross country team consisted of fine talent. Leading the course was Pat Castro and Ralph Montgomery. These two athletes were selected to the all C.I.F. Western League Team. Pat was also the athlete of the year in the Western League. As for the girls, Alison Nicole was an inspiration to the others. She helped push the younger, less experienced girls to victory.

As a whole the team consisted of 8 guys and 12 girls. Together they were a very close knit team. Finishing with an overall record of 6-3 and a league record of 3-2. Coach Cohen did a fine job. Considering that this was his first year coaching cross country since 1978. He also had considerable amount of help from Randy Montesanto and Gary Blume.

For next year, Coach Cohen says that there will be at least 6 returning runners. Out of these 6, 4 will be C.I.F. bound. Hopefully, all 6 of them will make it. Coach Cohen also encourages everyone who loves running to go out for it. Cross Country is a great sport.

6. BEFORE the race Coach Cohen talks strategy with his runners.

7. PREPARING for a grueling run the team makes last minute adjustments.

DUNKIN' KOMETS

Starting the season with fine talent and great leadership, Brad Milhoan and Perry Moss led the team to many victories. These two captains were always "cool" under pressure, and exhibited excellent leadership. B. Milhoan was the leading scorer and rebounder. He averages 21 points and had an average of 10 rebounds per game. Other key players were S. Daley, P. Moss, P. Castro, K. Archer, Q. Holt, K. Luu, and J. Moody all of who helped the team to success.

The team was well balanced defensively and offensively and this helped for a successful season and made Coach Petersons job easy. Coach Peterson said, "This is a good basketball team, they do a good job." The team looks very promising for next year.

Shooting Gallery

One of Kearny's most unique sports is the Rifle team. Requiring steady nerves, a sharp eye, and intense concentration, shooting is easier said than done. The target size is approximately one centimeter wide from 50 ft. The weight of the rifles vary from 9-12 lbs. depending on the size of the shooter.

With 3 returning Varsity shooters this year, Gina Strickland, Dan Kenney, and Theng Poryang, Col. Hester felt really good about this year's team. "This year's team is the best overall since I've been here" said Col. Hester, the Col. went on to add "next year should be good with four outstanding coming up." The Col. described them as very coachable and cooperative, they also get along well with each other. With only three seniors on varsity, next years varsity F Rifle Team looks promising.

1. IN the prone position, A. Oshmago eyes her target sheet.

SHOOT FOR GOAL

This year, the boys' soccer team was playing some of the best teams in the county. The teams belonging to the Western League were tough and competitive.

Our squad lived up to this competitive spirit by showing off their talent.

Returning this year were seniors; P. Rassavong, H. Lai, N. Saygnarath, R. Phomavong, L. Thabova, V. Sadthivongse, P. Phathank and junior P. Thao.

Coach Fleming said, "We are a much younger team than in passed years. If we can improve on our weaknesses, I feel this team can match and possibly surpass last year's." With fine coaching from Mr. Fleming, and the excellent skills and talent that our players possess, most people feel that the Komets will reach their goal by becoming CHAMPIONS.

The Final Score

With many new players and moving into a new league, the girls soccer team had their hands full. Playing top ranked teams gave the girls more experience and seemed to help them improve through their season. Leading the team were M. Collins, and R. Putnam, the two captains who returned for their second year of soccer at Kearny. The other returning players were T. Shannon, S. French, and K. Williams. Coach Douglas and her assistant Mrs. Kohr have done a fine job of teaching the inexperienced girls the fundamentals of soccer. Mrs. Douglas said, "It has been fun working with the team and we are hoping to become more competitive as the girls gain more experience." With most of the players returning next year, the team looks strong and should be very competitive against the top ranking teams.

1. THROWING in the ball, Diana Gleason looks for a pass.

2. KEEPING the ball away from the opposing team, Tammi Phillips prepares to kick.

3. AIMING for a goal, Kammie Williams defends her position.

On The REBOUND

Hard work and dedication is needed for any team sport . . . but when the practice begins at seven in the morning, the girls either were crazy, or very dedicated to the basketball team.

Starting the season off with three returning players, and eight new players, these soon-to-be "pros" of the Komet Court gave the various teams a run for their money.

The girls came out with a strong defense led by the two aggressive guards, Susan Marcelino and Dee-Dee Davis. The defense was also backed up by center, Michelle Newcomer, and forwards Rosa Abrenilla, Beth Badrak, and Allison Lee.

The offense was not as strong as some of the others they came up against, but Susan Marcelino and Rosa Abrenilla worked around that. Next year, the offense and defense will be stronger.

The coaches this year were Joe Hernandez and Troy Mclaughlin. They taught the team important basketball skills that will improve next year's team. Both the coaches and the girls expect a stronger, and more developed basketball team for the next season, and the annual staff wishes them the best of luck.

Shooting The Eagle

As a team they work well together, working the ball down court, and passing. With individual talent such as Timmy Garlend, the teams leading scorer, Alan Ford, and Gene Viens who both led the team in rebounds, and were the most aggresive on the team. Q. Chau was very strong on the inside. Coach Kane felt "next years team will be very promising because of the many returning players from this year."

In Golf, the players are required to have a clear mind when they're on the course. Once on the course they must maintain their concentration to maintain their winning edge.

1. SHOOTING VERY accurately R. Skinner drives the ball next to the hole.

2. ENCOURAGING his team Coach Cain gives his players more strategy.

3. GUARDING his opponent, Q. Chao keeps the Dons player confined.

4. GOING for the lay up L. Ford gets two.

Game Of Love

The dictionary describes tennis as a game played outdoors, in which two players or two pairs of players using rackets hit a fabric-covered, hollow rubber ball back and forth over a net stretched across a marked, level, rectangular area. What this definition neglects to inform the readers, is that this game takes a great deal of strength, eye-hand coordination, and quick reflexes.

This year's tennis team consisted of a number of returning juniors and some new sophomores, which greatly enhanced our team.

The team had hopes of accomplishing a lot this year, but basically they were practicing and preparing for next year when the team will be more experienced.

This year, the team probably had the strongest singles team. From the #1 player to the #4 player, the team was equally talented. Both the singles and doubles players, however, hope to rebuild the team and improve on their volleys and overall net game.

With these improvements in mind and returning players next year, the Tennis Team stands a good chance next season.

1. WARMING up before the match, Thongsavath S. Phabmixay takes a few practice shots.

2. AIRBORNE for a difficult backhand, Somvang Nakhonthap still manages to return the ball.

3. SHOWING how graceful tennis can appear, Mark Evetovitch shows his style and skill.

4. REACHING to make the play, Marceli Tongco still manages to return the serve.

5. WITH intense concentration and a vicious backhand, Thongsavath S. Phabmixay returns an important serve.

6. TOP ROW — Shawn Sutton, Nikhom Boun-Nharith, Siviengkham Chittapong, Junior Depositar, Pao Moua, Thanh Quoc Le, Coach Janc
FRONT ROW — Thongsavath S. Phabmixay, Mark Evetovitch, Kurty Mowak, Marcel Tongco, Somvang Nakhonthap, Joe Amirkhanian

7. DOUBLES partners, Joe Amirkhanian and Somvang Nakhonthap covered their opponents flawlessly as the ball is smashed to the other court.

Coming Home!

Starting the season with many returning players, the girls softball was well in stride for the season. The returning players were Jacqui McClure, Julie Greene, Maria Collins, Tracy Norling and Jamie Hampson. The infield was packed with experience by the returning players. Joe Hampson decided to take on the girls softball team this year and hopes to go all the way to the C.I.F. finals.

This years J.V. consisted of some girls who have never played before and some with little experience. The coach had her work cut out for her this year, but as a team, they learned new skills and had fun doing it.

Sliding into the Playoffs

Moving into the '85 season, the Komets were just loaded with overwhelming talent. Leading the way were C. Bwy, D. Portugal, G. Hedgecoth, R. Trice, and R. Bradly. These athletes, along with the rest of their teammates, were very well coordinated. They worked well together, were friendly toward each other, and most important of all, they had a very positive attitude.

The defense and offense were equally talented. Our batters were very experienced. The team's batting avg. was .408. The pitchers D. Portugal, K. Archer, and S. Wellish were experts. As for the infielders and outfielders, they were simply AWESOME!

When Coach Soldi was asked of his views towards the team, he simply smiled and told us, "Kearny's on the upswing in spots, and our baseball team is very happy to be a part of it."

1. SLIDING into home, R. Trice gets the winning run.

Freestylin'

There was a noticeable difference between last years team and this years team, experience! Six returning swimmers; S. Carlson, W. Wilson, D. Gleason, B. Mesker, F. Starman, R. Putnam, and M. Fujimoto, an A.A.U. swimmer of two years, make up a team with a lot of talent. Mrs. Kohr mentioned Bree Mesker and Sybil Carlson as the two top swimmers. Rosie Putnam, Di Gleason, and Wendy Wilson were also mentioned as outstanding swimmers. She also said that Myia Fujimoto was the most outstanding girl on the team. Mrs. Kohr is especially glad Myia is only a sophomore. With eight girls expected to return next year, the girls team should be more competitive.

1. DURING the butterfly, Bridget Mesker gasps for a breath.

2. SYBIL Carlson gets one last breath before completing the 100yd. breaststroke.

3. CATCHING her breath, Mandy Jennison gets ready for the next set.

Sharks Stroke on!

A big rise in participation has helped the men's swim team considerably. With so many people going out for men's swimming they picked up strong first year people. Many of them sophomores and juniors. Combining with four returning varsity swimmers J. Baker, C. Barker, D. Nelson, and D. Zamora, gives the team added depth with a strong initial strength. Shifting from Western to Eastern League has benefited most sports but in swimming the Western is probably the toughest of the City Leagues, plus with only nine practice days before they had their first meet, the coaches had to teach them how to do their turns, starts, strokes and get them in shape.

Mrs. Kohr said that they will start out slow but in time they will be a very strong team. She said, "This is the most coachable team I've had since I've been here." Coach Kohr went on to add, "this team has a chance at a few school records." Both the relay teams have a good chance at going to C.I.F. D. Nelson has the best chance of going as an individual with his breaststroke.

With only three seniors, next years team could hold a few surprises.

1. ASST. Coach Mike Wright gives the team the next set.

2. SHOWING excellent form, Dan Nelson takes a 1st.

3. TOP ROW — Mrs. Korh, B. Livingston, T. Norling, M. Malone, L. Dobbs, M. Henning. Asst. Coach M. Wright.

On The Gun

From the strength of the shot putter to the speed of a sprinter, Track & Field is as different as the athletes who participate in it. A collection of individual talents compiled into a team, that has a golden opportunity at the Western League Championship.

Returning this year is long distance runner Pat Castro. Kearny is also expected to win big with the 440 relays team consisting of Huff, Hearndon, Holt, and Colins.

In the field, returning pole vaulter Phillip Wright and Jerry Perman are leading Kearny to higher heights. Leading the field in the discus is Pat Thiss and Roy Rawers, who also throw the shot put.

With the individual talent and the teamwork expressed in this team, Kearny should make a strong showing throughout the county.

Track & Field is the oldest form of sport. It's important to see tradition survive, and it's better to see Kearny leading the pack in athletic excellence.

Swinging Stars

The combined talents of badminton and baseball brings us to "Swinging Stars." These two teams coached by Coach Donscheski and T. McLaughlin created a fearsome force for their rivals.

With many returning players and a lot of experience, this badminton team had a very successful season. Their returning players brought along with them, many potential players. Looking for a good coach for next year's team will be hard, but it's something that must be done because this is Coach Donscheski last year at Kearny.

With fresh young talent and experience, Coach McLaughlin was very pleased to see so many talented individuals. Many of these young men have played Little League in the past years, which helped them play competitively in High School. Their defensive and offensive unit was equally productive and effective. These athletes will be a tremendous impact on the future baseball teams here at Kearny.

FOREVER

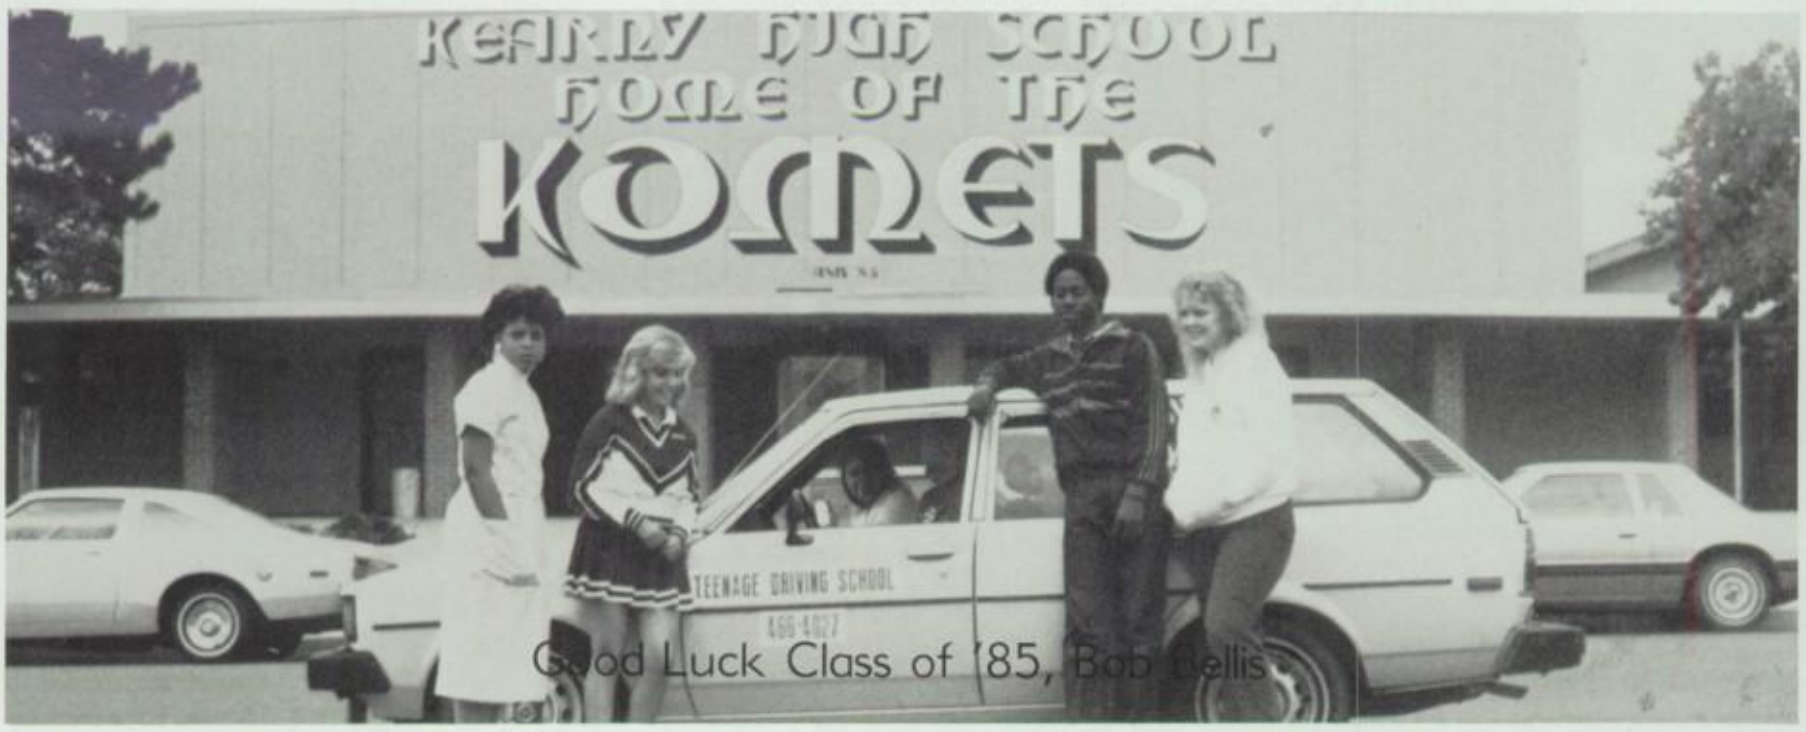
...There aren't enough words
to tell you I love you,
Not enough ways
to show you I care,

Not enough happiness and
good times to wish you,
Not enough wonderful,
warm moments to share.

A million bright mornings
would not be too many,
Long evenings together forever
would still be too few...

I need you, want you and love you
so much that it seems,
There aren't enough days in a lifetime
to spend with you.

With all my love



Good Luck Class of '85, Bob Bellis

. . . Closing Games

Throughout the year, many events have taken place. Everyone has experienced different events that will be remembered for many years to come. This yearbook has been made to help cherish such memories.

In this book, life is being portrayed as a game. The theme "Games People Play" was selected for the variety of ways it pertains to life spent at Kearny High.

1▲

1. Exhibiting an extreme amount of elation Duane Hamilton and Ace show they survived the school year.

2. Greg Miller and Dan Kenney of "The Fellas" prepare for their 6th period class.

3. Annette Barnes, Donna Knotts, and Angelle McLean show their spirit before the Mira Mesa game.
